

Safe Return to School Plan

The Mountain Board of Cooperative Educational Services (BOCES) supports the school districts of Buena Vista Re-31, Lake County Re-1, Park County Re-2, & Salida R-32J. Mountain BOCES does not operate a school or program for students separate from their member districts. The four districts we serve committed to continuing in-person learning during the 21-22 school year. This continued in 22-23 and is still on-going in 23-24.

Mountain BOCES has 12 full-time employees, two of which work from home full-time, and six who are in their assigned districts more than 75% of their time. While working in the districts we serve, Mountain BOCES staff follow all district protocols & requirements to ensure the safety of students and their ability to continue to attend school in-person. Please visit the links below to individual district plans.
